# What's included?

You'll receive a detailed 90-minute one-on-one consultation with one of our designers for up to three spaces at one address.

The consultation includes support and design advice. We'll help you create your perfect space, taking into consideration your budget, lifestyle and existing floor plan.

## Your design consultation includes:

- Support and advice in curating your colour palette, along with a layout to help you design your dream space.
- Samples of your final selections.
- 3D renders and plans of your final space.
- A detailed list of items to order, from base units to doors and benchtops.
- Your choice of location: either virtual or in person at the MADE by Laminex Windsor Showroom.
- An optional follow-up discussion for minor revisions to your design.

## Make your booking

Design consultations are available between  
10am to 4pm Tuesday to Saturday.

Contact our MADE by Laminex Showroom on  
(03) 8509 7501 or email [made@laminex.com.au](mailto:made@laminex.com.au)  
today to book your consultation.

---

## Get prepared

To prepare for your consultation, take some time  
to complete the pre-consultation checklist on  
the following page. We recommend you email your  
completed checklist to your design consultant the  
day prior to your consultation.

---

## Fee: \$150 (inc.GST)

The design consultation fee is payable prior to your  
consultation. Where more than two revisions are  
needed, payment of \$75 per revision is applicable.

If you are a trade customer, please contact us at  
[madetradequotes@laminex.com.au](mailto:madetradequotes@laminex.com.au) to enquire about  
our design consultation service for business.

# Pre-consultation checklist

Complete this pre-consultation checklist, including measuring your space and taking as many photos of the space as possible. This will allow our designers to work accurately and ensure a smooth design process.

## ☐ Complete a thorough site measure

You can reference our 'Measuring your space guide' for step-by-step instructions on measuring your space. Ensure you mark up all walls, windows, doors and service points.

## ☐ Take photos of your existing space

Including shots of your kitchen, laundry or bathroom from multiple angles and surrounding areas. If there are any bulkheads in the space, please let us know.

## ☐ Ask yourself, why am I renovating?

Do you want to add value to your property for sale, or simply update to better suit your lifestyle?  
Do you want to improve the functionality of your space or change the layout to better suit your lifestyle?  
Understanding your reason for renovating will help you make the right decisions in the planning phase and beyond.

## ☐ Outline your practical needs

For the most functional space possible, ask yourself: Is your existing area large enough to move around comfortably, or do you need to change the orientation of your existing kitchen, laundry or bathroom?  
How much space do you require for storage and pantry goods? What type of taps and sinks will be needed? Have these fixtures and fittings been selected?

## ☐ Create a rough project schedule

Write a checklist outlining all the elements of your renovation and estimate when you would like to order and have your joinery delivered.

## ☐ Determine your budget

Consider the items on your wishlist, your practical needs and your moodboard and roughly budget the amount you're able to spend. Our team can work with you to try maximise your budget based on your objectives.

## ☐ Be inspired

Spend time researching and curating reference images that communicate your style and goals. Pinterest, Instagram, magazines or home renovation building shows are the perfect places to find inspiration. Visualise your future kitchen using the inspiration you've collected online, in print, and in showrooms. Create your perfect colour palette and watch your dream space start to take form.

# Ready to make a booking?

Book a one-on-one design consultation  
to create your space and place your order.  
To make your booking, contact our friendly  
team on (03) 8509 7501 or visit our showroom:  
135 Union Street, Windsor, VIC, 3183
