

A modern kitchen interior featuring a white cabinetry system with vertical paneling and silver handles. The countertop is a dark, solid material. The backsplash is made of square tiles with a terrazzo pattern in shades of grey, black, and red. On the countertop, there is a stack of four light-colored wooden bowls, a metal dish rack containing a wooden spoon and a black spatula, and a stainless steel sink with a high-arc faucet. In the bottom left corner, a wooden table and a glass pitcher are partially visible.

MADE

by Laminex®

Product Brochure

What is MADE?

Modular joinery for modern spaces.

MADE by Laminex is a system of pre-assembled base cabinets, doors and benchtops paired with planning and design support as well as home delivery — all designed to take the stress out of creating your new space.

MADE simple

Taking the complexity out of joinery with curated colour schemes, planning and design services and home delivery.

MADE individual

Choose from a wide range of Laminex décors to create the perfect space for you.

MADE affordable

Making high quality, Australian-made design accessible to more Australians, to enable good living.

MADE for your space

Joinery for kitchens, laundry and bathroom vanities, from large to small home renovations.

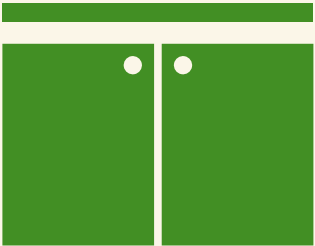

Cabinetry in Laminex Outback Clay, benchtop in Laminex Danish Walnut.
Styling by Natalie James. Photography by Eve Wilson.

MADE in Australia

MADE is Australian-made modular components and services including:

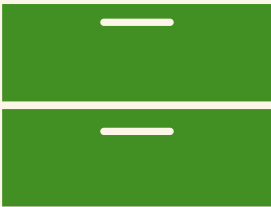

- Pre-assembled base cabinets
- Made to order doors
- Made to measure benchtops
- Design planning service
- Delivered to your door

Kitchen

Laundry

Vanity

How MADE works

01 Choose your palette

Be inspired by our 15 palettes, or create your own palette from our wide range of Laminex décors available through MADE by Laminex.

02 Measure your space

Use our handy measuring guide to measure your space. Bring the dimensions into your nearest MADE showroom and then get started on the design.

03 Plan your design

Work with one of our design consultants to plan the layout of your new space. We consider factors including your budget, functionality and colour palette.

04 Order your components

Once you've approved your design, our designers will place an order for all your components.

05 Professional installation

Now you're ready to connect with a 3rd party professional tradesperson in your area, to help get your joinery in place.

Cabinetry and benchtop (back) in Laminex Milkwood. Island cabinetry and benchtop in Laminex Peruvian Clay. Styling by Natalie James. Photography by Eve Wilson.

Cabinetry in Laminex Elegant Oak, benchtop in Laminex Green Slate.

Choose from 15 palettes
across 5 schemes

Organic Palettes

Coastal Palettes

Confident Colour Palettes

Be inspired by 15 curated colour palettes across 5 design schemes; incorporating a selection of décors from the MADE by Laminex range, tiles, hardware and paint swatches. Or you can create your own palette— visit a MADE showroom to experience the palettes in person.

Contemporary Palettes

Warm Minimalism Palettes

Base cabinets

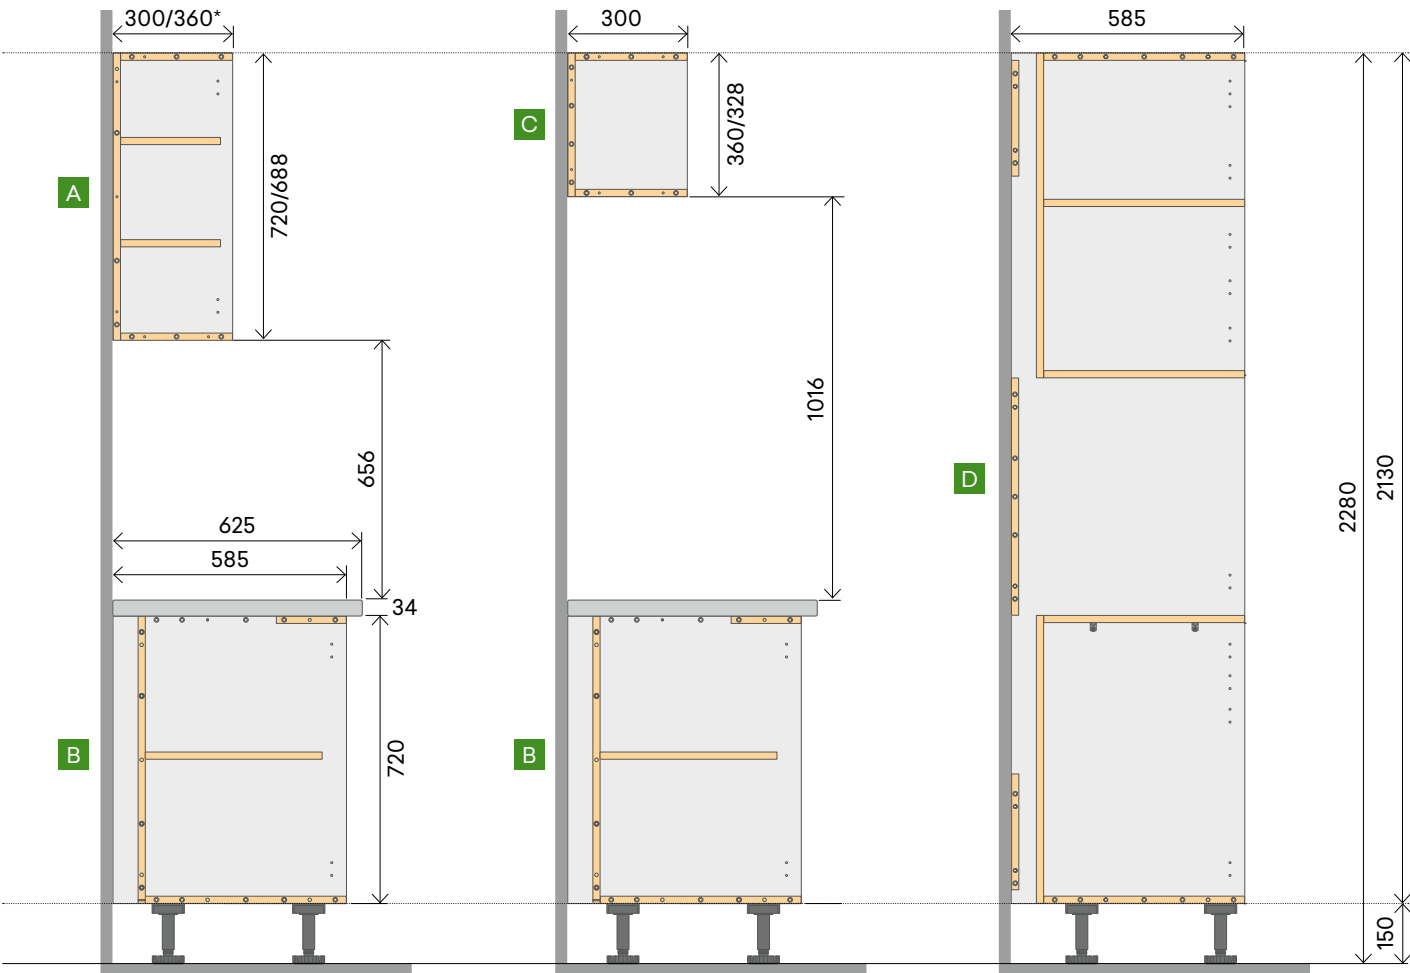

Our pre-assembled base cabinets make it easy to create your perfect space.

- Pre-assembled, no flatpack assembly required.
- Adjust the feet from inside the cabinet.
- Legs built to sustain load up to 500kg.
- Rigid base cabinet with wooden dowel and glue construction enhanced by industry leading die cast metal cam lock systems for exceptional stability.
- Premium clip on soft close door hinges by Hettich as standard with 110 degree or 165 degree opening.
- Premium Hettich anthracite coloured soft close drawers are pre-installed on all drawer base cabinets.
- Adjustable shelves supported by nickel plated steel shelf supports for strength and durability. 18mm white melamine MR particle board construction.
- Additional internal storage options also available.

Planning dimensions

*360 only available in 688 height
